

Reduced Events Criteria (page 42 & 43 Rule Book)

In a move to help Rodeo Committees who are having financial difficulty running full event rodeos, and committees who newly affiliate, the following points system will be implemented from 1st November 2006.

If a new Rodeo Committee affiliates, there is no restriction on maximum posted prizemoney.

For existing Rodeo Committee who have been conducting full event rodeos and who then reduce the number of events, the following points system will apply;

- a) 2 or less points award events, a maximum of 40% of the total of the whole previous rodeo prizemoney.
- b) 3-5 points award events, a maximum of 60% of the total of the whole previous rodeo prizemoney.

**For new and existing committees the Points allocation will be as follows:
10% of the payout will be allocated to national points award events and circuit points per event that is run at the rodeo; i.e. if 3 events are run then 30% of the prizemoney will be allocated to national points.**
